Market Gardeners'

WHOLESALE CATALOG

**High Grade Seeds, Implements,
Fertilizers, Twines, and
Market Gardeners' Requisites**

Seeds. The supply of seeds available for 1944 is not large. Due to weather conditions most of the cabbage and kale seeds were lost last spring. Labor shortage was responsible for some crops not getting the proper care in time and some acreage had to be abandoned. However, the main items came through in fine shape and produced an excellent crop. We expect to fill your orders as specified although in some instances we might be compelled to send the next best variety.

Implements. Seeders, wheel hoes and hand tools will remain scarce during the first half of the year. Repair parts and attachments are plentiful.

Fertilizers. A large stock is on hand in the process of being cured. Indications are there will be enough for every grower.

Rubber Bands. The only bands we can offer are size No. 11, made from reclaimed rubber.

Bunching Twine. Enough stock on hand to supply normal requirements.

We wish to express our appreciation for your kind consideration shown us during the past year. We, in turn, will exert every effort to serve you faithfully and to the very limit of our ability.

Credit will be extended to regular customers, providing your account is in good standing.

New customers, applying for credit, will please send paid seed bills of two previous years to prove good standing elsewhere.

Orders for C. O. D. shipments will have prompt attention if 25% of the amount is sent with order.

On spring orders for Garden Seeds we allow 10% discount if paid before April 1st. All other items are net cash. Orders received after April 1st are not subject to discount. No charge for bags at any time.

Chicago.

Be sure to note condition of bags on arrival; if torn, have it marked on your freight bill; if spilled out, have the bags weighed and weight also noted on freight bill, otherwise it will be impossible to recover damages.

If for any reason an order or part of an order cannot be filled, we will refund amount sent for such order or part of such order.

WARRANTY. The N. Sluis & Sons Company gives no warranty, express or implied, as to the productiveness of any seeds or bulbs it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.
